1.

Talked with Representative Alexander Pirnie showing him an editorial by Mr. James Loeb, of the Adirondack Daily Enterprise, asking if he would be interested in putting this in the Congressional Record. He looked it over and said he would be most happy to do so. Later in the day, he called me and read me the introduction which he was to use stating, however, he was going to ask Representative Robert McEwen, in whose district the newspaper is located, to put it in.

Talked with Senator Milton Young giving him a status report on the special project. He was most grateful for being brought up to date. He also mentioned in passing that the Rusk Committee was holding a meeting this coming Saturday, 27 May. However, Senator Russell had told him that he was not planning to attend and Senator Young said he doubted that he would be attending either.

Talked with Representative Charles Gubser asking whether he would be at all interested in receiving some material from his constituents for turnover to the Agency. Mr. Gubser said he thought this should be left to the pros and he would rather not be involved.
